 Report
 2024-2025

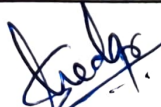

Department	Botany in Collaboration with Chemistry
Title of the program	Plantation Drive at Sulkai Hills
Day date time	Saturday, 17-08-2024, 11.00 a.m. onwards
Online link/ Offline	Offline
State, If published	

Number of beneficiaries- 35 + 4 Teachers

Synopsis: - A plantation program is an organized effort aimed at increasing green cover and promoting environmental sustainability through the planting of trees on other vegetation under environmental consciousness. The program typically involves multiple stakeholders, including government agencies, non-governmental organizations, local communities, and sometimes private enterprises, College students. The plantation program aims to create a lasting positive impact on the environment while fostering sustainable development. Through collaborative efforts and strategic planning, the program will contribute significantly to a greener, healthier, and more resilient planet. Plantation programs often include educational components that raise awareness about the importance of trees, conservation, and sustainable practices. Total 130 plants were planted, includes indigenous plants like *Pongamia*, *Tamarind*, Rain tree, *Bahunia*, Jambul.

Objectives	Outcomes
<ul style="list-style-type: none"> To enhance environmental sustainability by increasing forest cover, improving biodiversity, and mitigating the effects of climate change. Expand the area covered by forests or trees to combat deforestation and land degradation. 	<ul style="list-style-type: none"> Enhanced forestation and greenery on Sulkai hill. Reduction in air pollution as trees filters dust and pollutants. Prevention of soil erosion and improvement of soil fertility through tree root systems.

		
Campus departure	Towards Sulkai hills	Drilling for plantation
		
Plantation on hill	Everyone on field	Completion of Plantation
