Title of Extension Activity- Entrepreneurship under MoU Activity at
Program: Bamani

Date: 17th February 2024

Beneficiaries: 15

Synopsis

Department of Zoology organized Extension activity in collaboration with Mahakali Goat Farm and Vermicomposting Bamani. Mr. Tejas Lengare guided our students about regarding various agricultural related entrepreneurship such as goat farming, vermicomposting as well as poultry farming. He had discussed about the management of variety of goats and care of goats. He had also discussed about the challenges in the management of this business and how to tackle with the challenges. Total 13 students and 02 faculties participated in this activity. Dr. Suvarna B. Pol, Head, Dept. of Zoology introduce the program as well as chief guest and Ms. Pranali S. Pawar proposed vote of thanks.

Objectives

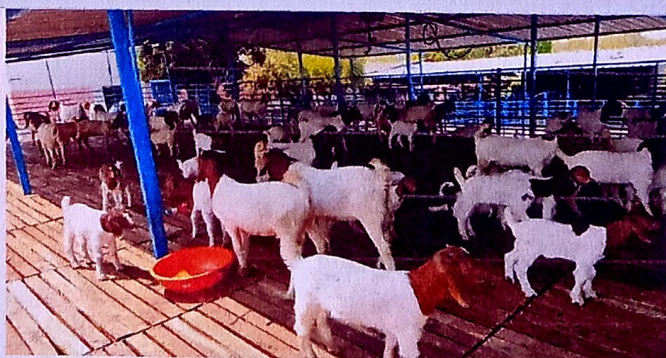

To enhance rural entrepreneurship.

To encourage students for business.

Outcomes

Participants became aware of different agriculture allied businesses.

Students encouraged to start the business.
