Title of Program:	Special Talk On “Jagdish Chunder Bose: Life and Work”		
Date: 20-03-2025		Time: 11:30 am to 1.30 pm	
State, if published	-		
Synopsis(75-100 words)			

The Department of Physics & Electronics has organized a special talk on "Jagdish Chunder Bose: Life and Work" on 20th March 2025 under the Lead College Activity of Shivaji University, Kolhapur. Prof. (Dr.) C. R. Bobade, head of the Physics department, did the Prologue of the program. He discussed various highlights of the department and also elaborated on the theme of the workshop. Then, the coordinator of the activity, Mr. D. K. Dhongade, introduced the Chief guest of special talk, Prof. (Dr.) P.N. Wasambekar, Former head, department of Electronics, Shivaji University, Kolhapur.

P.N. Wasambekar guided on the theme "Jagdish Chunder Bose: Life and work." During the talk, he explained that research is not always about doing something very different and difficult, but it can be just about finding solutions to day-to-day problems and difficult situations. He gave information about Jagdish Chunder Bose's life, his struggle, and his work on electromagnetic waves. His lecture was followed by a question-and-answer session.

The organizing secretary of the Activity, Mr. Netaji Patil, proposed a vote of thanks and reviewed the activity. Dr. Priyanka Shinde anchored the program. Dr. B.B. Patil, Mr. B. S., and Mr. D. D. Dhanawade Gujale controlled the technical side.

Student and teacher Participants from various departments & colleges benefited by the activity (Total beneficiaries: 101). This program was conducted under the guidance of Hon. Principal Dr. V. S. Shivankar, Prof. D. T Deokate, Head Dept. of Electronics, Prof.(Dr.) C. R. Bobade Head Dept. of Physics & Dr. P.G. Babar, Chairman Lead College, Activity

Objectives	Outcomes
The event was organized to motivate students in research and career opportunities in Physics & Electronics.	This activity motivates students to do research. Students became aware of various career opportunities.
